Riva 110' DolceVita

A private, independent company founded in 1975, Burgess is the leading authority in the sale and purchase, new construction, charter and operational management of the world's finest yachts over 30 metres (100ft). With over 200 experts located in 13 strategically located offices around the world, the Burgess team offers an unbeatable combination of global presence and local expertise to assist clients with every aspect of superyachting.

With an enviable track record in the sale and purchase of superyachts over the last four decades, including some of the most significant yachts ever built, their experienced team of international brokers provide unrivalled product knowledge and up-to-the-minute market intelligence to secure the very best outcome for clients looking to sell or purchase a yacht.

BURGESS JE PRAVI NASLOV ZA SUPERJAHTE

BURGESS IS THE FIRST ADDRESS FOR SUPERYACHT

Skrb za superjachte ima svoje ime. Podjetje Burgess se ukvarja s prodajo in nakupom plovil, novogradnjami, zakupom in operativnim upravljanjem najbolj prestižnih jaht, daljših od 30 metrov. Z več kot 200 strokovnjaki v 13 strateško lociranih podružnicah po celem svetu ekipa podjetja Burgess ponuja nepremagljivo kombinacijo globalne prisotnosti in lokalnega strokovnega znanja ter izkušenj za pomoč strankam pri nakupu, prodaji ali najemu superjacht.

V zadnjih štirih desetletjih so dosegli izjemne rezultate pri nakupu in prodaji superjacht, med drugim so posredovali tudi pri nekaj najbolj pomembnih jahtah vseh časov. Njihova izkušena ekipa mednarodnih zastopnikov ima neprecenljivo znanje o produktih in aktualne informacije na trgu superjacht za doseganje kar najboljših rezultatov za stranke, ki želijo kupiti ali prodati jahto.

NAJVEČJE SUPERJAHTE NA SVETU

Oddelek podjetja Burgess za novogradnjo nudi specializirane storitve za stranke, ki si želijo zgraditi nove jahte. Uspešno so zaključili že več projektov gradnje superjaha, dolgih od 40 do 180 metrov. Med tovrstnimi podjetji so praktično brez konkurence pri posredovanju ob gradnji superjaha. V imenu in v prid lastnikov ponujajo lastno tehnično ekipo vodij projektov, ladjedelskih in električnih inženjrov. Njihove izkušnje iz preteklih projektov obsegajo 23 ladjedelnic na treh celinah, med drugim tudi 180-metrsko jahto Azzam, največjo zasebno jahto na svetu, in Jubilee, največjo na Ni-zozemskem zgrajeno jahto vseh časov.

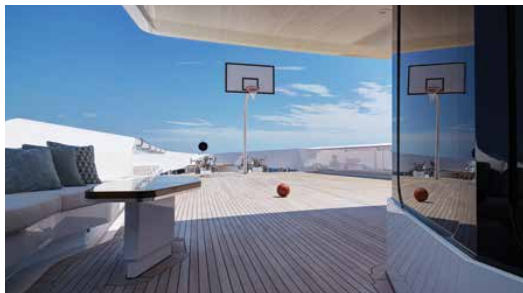

ČARTERSKA PONUDBA S ŠESTIMI ZVEZDICAMI

Njihova čarterska ekipa je izkušena v identificiranju plovil, ki ustrezajo vsem okusom, od najbolj modernih motornih jaht, kot je denimo 85,6-metr-ska Aquila, do sodobnih visokotehnoških jadrnic, kot je denimo ikonična 88-metr-ska jadrnica Maltese Falcon. Z združevanjem obsežnega znanja in neposrednih vpogledov v globalno čartersko floto njihovi agenti ustvarjajo edinstvene, posameznikom prilagojene čarterske ponudbe v Sredozemskem morju, Karibskem morju in drugod, na krovu superjaha, ki nudijo vse možno razkošje in ponudbo na ravni šestih zvezdic.

UPRAVLJANJE NA NAJVIŠJI RAVNI

Njihov program operativnega upravljanja za lastnike jaht zagotovi, da je poskrbljeno za vsako podrobnost upravljanja jaht. Njihove stranke lahko uživajo v vsakem trenutku, ki ga preživijo na krovu najetih plovil. Njihova ekipa poveljnikov, ladjedelskih strojnih inženjrov, ladjedelskih inženjrov, pooblaščenih računovodij in kadrovskih strokovnjakov poskrbi za vse od oskrbe, zavarovanja in obračunov za vzdrževanje jahte ter zaposlovanja posadke.

Reference podjetja Burgess so v panogi superjaha neprekosljive. Njihove stranke so deležne najvišje ravni storitev, zato je podjetje postalo svetovna referenca med lastniki in najemniki superjaha.

THE BIGGEST SUPERYACHTS IN THE WORLD

The new construction division of Burgess provides a specialised service for clients wishing to embark upon building a new yacht and has successfully project managed the construction of more superyachts from 40m (130ft) to 180m (590ft) than any other yachting company. Working on behalf of owners, their in-house team of technical project managers, naval architects, marine and electrical engineers has supervised projects in 23 shipyards across three continents, including the 180m (590ft) AZZAM the world's largest private yacht and JUBILEE, the largest yacht ever built in The Netherlands.

CHARTER WITH SIX-STAR SERVICE

Their charter team is adept at identifying a vessel to suit all tastes, from state-of-the-art motor yachts such as the majestic 85.6m (280.9ft) AQUILA to contemporary high-tech sailing yachts, exemplified by the iconic 88m (288.7ft) MALTESE FALCON. Pooling their considerable knowledge and firsthand insights of the worldwide charter fleet, their brokers create unique, personalised charter experiences in the Mediterranean, Caribbean and beyond, aboard superyachts offering every conceivable luxury and six-star service.

TOP LEVEL MANAGEMENT

Their operational management programme for yacht owners ensures that every detail of a yacht's management is taken care of, allowing their clients to enjoy every second of their time on board. A team of master mariners, marine engineers, naval architects, chartered accountants and HR professionals handle everything from provisioning, insurance and accounts to yacht maintenance and crew recruitment.

The superyacht credentials of Burgess are unmatched in the yachting industry, ensuring that clients enjoy the highest levels of customer service.
